

Hello everyone! I am Christian, I come from Italy, precisely from southern Italy, in Sicily. I am 23 years old and I work at the Fritidsklub and Ungdomsklub in Brønderslev. I started this new experience to learn more about Danish culture, improve my level of English and especially to grow personally, as being away from home I'm trying to be more responsible. I'm a positive guy and always smiling. I like to spend my free time going to the gym, watching movies and reading. Besides this I like to explore new landscapes and visit new places, I am quite interested in cinema and music. I am happy to spend this year in Denmark, it is a country that fascinates me so much. I also like my work and the relationship with the people that are around me. I would like to end this year with a good level of English, new friends and good memories that I will carry with me for a lifetime.

Hello!

I'm Elena and I'm volunteering at Dronninglund Fritidsklub and Ungdomsklub.

I am 25 years old and I come from Italy, from a small town near Rome. I studied film and media and I'm trying to find my way into the cinema industry, however, when I finished my studies, I felt the need to spend some time volunteering abroad to grow, improve myself and gain new experiences.

So... I applied for the European Solidarity Corps and came to Denmark. I chose this project because Denmark is a nation that I had only gotten to know through movies and I liked the idea of meeting new people, seeing (and photographing) new landscapes and learning a new language (even if perhaps I'll struggle a bit with that last one).

I am very happy to be in Dronninglund because I love that young people have a space to have fun, socialize, learn new things and be part of a group. I wish I could have been in such a beautiful place during my adolescence!

Can't wait to spend wonderful months here in Denmark!
